

## Critical Information Summary: PBX 20

### Description of the Service

Hosted PBX is a virtualised phone system delivered as a service via your Internet connection.

### Plan Summary

<b>Minimum monthly charge</b>	\$220.00
<b>Maximum monthly charge</b>	\$220.00 <i>excluding calls</i>
<b>Total minimum cost</b>	\$220.00
<b>Minimum term applicable</b>	1 Month

### Information About the Service

A Hosted Phone System (Hosted PBX) provides a telephone system 'virtually', that is, without the need to have a physical hard-wired phone system installed into your office. A Hosted PBX provides traditional phone system features, however, with a virtual system they are delivered via the Internet.

A minimum term of one month is required for a Hosted PBX service. If you wish to cancel your service we require written notice one full calendar month in advance of the termination date.

### What is Included

- Web based self-management interface to control your service
- Ability to make and receive telephone calls
- Competitive call rates
- Wide range of features for use on your service, such as call menus; call recording; call queues; time of day routing and voicemail

### What is not Included

- Hardware
- Internet connection
- Number porting fees (apply if you wish to transfer your number from another carrier)
- Dishonour and late payment fees
- Premium Inbound Number such as 13/1300/1800, Virtual Mobile or International Numbers

### Important Restrictions

- This service is not suitable for use with Mobile Broadband
- International phone numbers cannot be ported from us to another carrier

### Important Qualifications

We may suspend or cancel the service if:

- You do not pay your bill
- Breach our fair use policy - [url.net.au/fair-use](http://url.net.au/fair-use)
- You are abusive to our staff

## Critical Information Summary: PBX 20
