Information About the Service

A Hosted Phone System (Hosted PBX) provides a telephone system 'virtually', that is, without the need to have a physical hard-wired phone system installed into your office. A Hosted PBX provides traditional phone system features, however, with a virtual system they are delivered via the Internet.

A minimum term of one month is required for a Hosted PBX service. If you wish to cancel your service we require written notice one full calendar month in advance of the termination date.

What is Included:

- Web based self-management interface to control your service
- Ability to make and receive telephone calls
- Competitive call rates
- Wide range of features for use on your service, such as call menus; call recording; call queues; time of day routing and voicemail

What is not Included:

- Hardware
- Internet connection
- Number porting fees (apply if you wish to transfer your number from another carrier)
- Dishonour and late payment fees

Important Restrictions:

- This service is not suitable for use with Mobile Broadband
- International phone numbers cannot be ported from us to another carrier

Important Qualifications:

- Requires a reliable high-speed internet connection
