### Information About the Service

#### What is the service?

nbn™ is a broadband service for delivering high speed Internet to Australian residential and businesses via fixed line infrastructure such as fibre-to-the-curb, fibre-to-the-premises, fibre-to-the-node, fibre-to-the-basement or HFC.

This service is not available in all areas, please visit - [<http://www.nbnco.com.au>] to see if your address is available.

#### What is required to use this service?

- You will need an address listed as being nbn™ ready
- You will need an nbn™ capable modem/router to access the service. In some cases nbn™ may need to install equipment at your premises, in some cases, a power point will be required and you will need to have approval from the building owner for the works to be completed.
- If the premises are in a multi-dwelling building nbn™ may require access to common areas such as the MDF
- If your connection is FTTN or FTTC the copper phone line in your premises will be taken over, if this is currently used for telephone then the phone number will need to be ported to a VoIP service - please see [<https://url.net.au/services/cloud-hosted-pbx>] for more information
- For FTTN/FTTC/FTTB service you will require an active phone line if you do not have one an additional fee of \$299 will apply.

#### What is Included

- Static IP Address
- Included data when using the nbn™ service

#### What is not Included

- Hardware (e.g. Router or Modem, we can supply equipment if required, a quotation will be sent to you).
- In cases where FTTN & FTTC is used additional internal cabling or “MDF Patching” might be required, if deemed required an external 3rd party such as an electrician will need to be engaged at the customer’s expense.
- Dishonour and late payment fees
- Address transfers, if you move to another premises a new service will be ordered and your current service will be terminated and may cause a termination fee.

#### Important Qualifications

- We may suspend or cancel the service if:
- You do not pay your bill
- Breach our fair use policy - <https://url.net.au/fair-use>
- You are abusive to our staff

## Critical Information Summary: NBN Fixed 12/1 210GB 6M (S920)

### Information About Pricing

#### Monthly charges:

<b>Maximum Download Speed</b>	12Mbps
<b>Upload Speed</b>	1Mbps
<b>Month Data Allowance</b>	210GB
<b>Cost Per GB</b>	\$0.28
<b>Monthly Fee</b>	\$58.00
<b>Plan Shape Speed</b>	128Kbps

#### Other Potential Costs

- If you don't have a router or modem one can be supplied, there will be an additional outright cost for this. We will provide you with a quote for the type of service you have.
- You will need to pay for your own internal cabling if required
- In some cases, your address may be classed as a subsequent install. When this happens there is a \$299 new line fee, we will advise you of this before commencing with the install.
- If you wish to downgrade your plan to a slower speed, this will be deemed a termination and an early termination fee will apply.

#### New development fee

The nbn<sup>TM</sup>Co may charge a \$300 new development fee if you are the first connection in a newly developed area, or you are the first connection in an established area where the number of premises has increased.
