Information About the Service

What is the service?

nbn™ internet service delivered via nbn™ satellite technology.

This service is not available in all areas, please visit - [http://www.nbnco.com.au] to see if your address is available.

What is required to use this service?

- You will need an address listed as being nbn™ ready
- You will need an nbn™ capable modem/router to access the service. In some cases nbn™ may need to install equipment at your premises, in some cases, a power point will be required and you will need to have approval from the building owner for the works to be completed.
- Permission from the building owner to install the roof-mounted satellite dish.

What is Included

- Free traffic to select
- NBN Satelite internet service

What is not Included

- Hardware (e.g. Router or Modem, we can supply equipment if required, a quotation will be sent to you).
- Dishonour and late payment fees
- Address transfers, if you move to another premises a new service will be ordered and your current service will be terminated and may cause a termination fee.

Important Qualifications

- We may suspend or cancel the service if:
- You do not pay your bill
- Breach our fair use policy - https://url.net.au/fair-use
- You are abusive to our staff

All prices include GST and are valid as of 15/10/20.
