Lynham Business 100

Plan Summary

Minimum monthly charge	\$109.00
Maximum monthly charge	\$109.00
Total minimum cost	\$109.00
Minimum term applicable	1 Month
Typical evening speed	96 Mbps

Information About the Service

What is the service?

Lynham Networks is a broadband service for delivering high-speed Internet to Australian residential and businesses via fixed line and fixed wireless infrastructure such as fibre-to-the-premises, fibre-to-the-basement or fixed-wireless.

This service is not available in all areas.

What is required to use this service?

- You will need an address listed as being Lynham Networks ready
- You will need a Lynham Networks capable modem/router to access the service. In some cases Lynham Networks may need to install equipment at your premises, in some cases, a power point will be required and you will need to have approval from the building owner for the works to be completed.
- If the premises are in a multi-dwelling building Lynham Networks may require access to common areas such as the MDF.

Essential SLA for Priority Service Upgrade

The Essential SLA provides upgraded priority and a target availability of 99%.

- Critical Faults target restoration time = End of Next Business Day
- Major Faults target restoration time = End of 2 Business Days
- Minor Faults target restoration time = End of 4 Business Days

(above times are for Metro Areas)

What is Included

- Included data when using the Lynham Networks service.

What is not Included

- Static IP Address (available on business plans for an additional monthly fee).
- Hardware (e.g. Router or Modem, we can supply equipment if required, a quotation will be sent to you).
- Cabling and or equipment beyond the network boundary is the customer's responsibility, if additional cabling is required an external 3rd party such as a registered cabling provider (e.g. an electrician) will need to be engaged at the customer's expense.
- Dishonour and late payment fees.
- Address transfers, if you move to another premises a new service will be ordered and your current service will be terminated and may cause a termination fee.

Important Qualifications

- We may suspend or cancel the service if:
- You do not pay your bill
- Breach our fair use policy - <https://url.net.au/fair-use>
- You are abusive to our staff

Critical Information Summary: Lynham Business 100

Information About Pricing

Monthly charges:

Maximum Download Speed	100Mbps
Upload Speed	100Mbps
Month Data Allowance	Unlimited (in accordance with our Fair Use)
Static IP Address (monthly)	\$5.50T
Monthly Fee	\$109.00

Other Potential Costs

- If you don't have a router or modem one can be supplied, there will be an additional outright cost for this. We will provide you with a quote for the type of service you have.
- You will need to pay for your own internal cabling if required.
- In some cases, your address may be classed as a subsequent install. When this happens there is a \$299 new line fee, we will advise you of this before commencing with the install.
- If you wish to downgrade your plan to a slower speed, this will be deemed a termination and an early termination fee will apply.

New development fee

Lynham Networks may charge a \$300 new development fee if you are the first connection in a newly developed area, or you are the first connection in an established area where the number of premises has increased.
