| **Total minimum cost** | $64.00 |
| **Minimum term applicable** | 1 Month |
| **Typical evening speed** | 46 Mbps |

## Information About the Service

### What is the service?

Lynham Networks is a broadband service for delivering high-speed Internet to Australian residential and businesses via fixed line and fixed wireless infrastructure such as fibre-to-the-premises, fibre-to-the-basement or fixed-wireless.

This service is not available in all areas.

### What is required to use this service?

- You will need an address listed as being Lynham Networks ready
- You will need a Lynham Networks capable modem/router to access the service. In some cases Lynham Networks may need to install equipment at your premises, in some cases, a power point will be required and you will need to have approval from the building owner for the works to be completed.
- If the premises are in a multi-dwelling building Lynham Networks may require access to common areas such as the MDF.

### What is Included

- Included data when using the Lynham Networks service.

### What is not Included

- Hardware (e.g. Router or Modem, we can supply equipment if required, a quotation will be sent to you).
- Cabling and or equipment beyond the network boundary is the customer's responsibility, if additional cabling is required an external 3rd party such as a registered cabling provider (e.g. an electrician) will need to be engaged at the customer’s expense.
- Dishonour and late payment fees.
- Address transfers, if you move to another premises a new service will be ordered and your current service will be terminated and may cause a termination fee.

### Important Qualifications

- We may suspend or cancel the service if:
- You do not pay your bill
- Breach our fair use policy - https://url.net.au/fair-use
- You are abusive to our staff

*All prices include GST and are valid as of 27/03/2025*

## Information About Pricing

### Monthly charges:

| | |
|---|---|
| **Maximum Download Speed** | 50Mbps |
| **Upload Speed** | 50Mbps |
| **Month Data Allowance** | Unlimited (in accordance with our Fair Use) |
| **Monthly Fee** | $64.00 |

### Other Potential Costs

- If you don’t have a router or modem one can be supplied, there will be an additional outright cost for this. We will provide you with a quote for the type of service you have.
- You will need to pay for your own internal cabling if required.
- In some cases, your address may be classed as a subsequent install. When this happens there is a $299 new line fee, we will advise you of this before commencing with the install.
- If you wish to downgrade your plan to a slower speed, this will be deemed a termination and an early termination fee will apply.

### New development fee

Lynham Networks may charge a $300 new development fee if you are the first connection in a newly developed area, or you are the first connection in an established area where the number of premises has increased.
